

Real world application!

Hands-on learning!

Aligns with TNReady!

An average family of four uses 320 gallons or more of water per day!

WASHER:
Most washers use 15-30 gallons of water per load of clothing.

DISHWASHER:
A standard dishwasher uses 10 gallons of water per cycle.

Water Use in the Home

TOILET: Per day, the average home uses 30 gallons of water for flushing.

SHOWER: An ten minute shower uses 24 gallons of water. A five minute shower can save 12 gallons!

SINK: Most people use 14 gallons per day to brush teeth and wash hands.

Water is an essential part of our everyday lives. Learn more about water and wastewater treatment!

Water Wise Academy Mobile Classroom supports content in all classes and all grades!

I'd love to work with you to provide custom content for your classroom!
